

# Bindu D

## Logistic Coder and Full Stack Enthusiast

devarajbindu898@gmail.com | +91-8088428745 | github.com/bindu-draj | linkedin.com/in/bindu-raj-0b09b4377

## Career Objective

---

Enthusiastic Developer with strong expertise in C, C++, Java, Python, and modern front-end frameworks. GPA: 9/10. Passionate about building scalable, user-focused applications, with hands-on experience in both frontend and backend development.

## Education

---

Global Academy of Technology, Bangalore

Sep 2023 – Jul 2027

B.E. in Computer Science and Engineering — GPA: 9/10

## Technical Skills

---

**Languages:** C, C++, Java, Python, JavaScript

**Full Stack:** HTML5, CSS3, Bootstrap, MERN Stack.

**Tools & Frameworks:** Git, Kali-Linux, Kaggle, YOLOv8, TensorFlow, Streamlit.

## Projects

---

### Deep Learning–Based Skin-Type Classification System —

- Developed a skin-type classifier using EfficientNet and TensorFlow, achieving 85%+ accuracy
- Added Grad-CAM explainability to visualize key regions influencing predictions.
- Built a responsive Streamlit interface with camera input, image upload, and real-time results.
- Integrated weather-based personalized skincare recommendations for enhanced user experience.

### Responsive Personal Portfolio Website — Spotify style Portfolio

- Built a responsive personal portfolio inspired by Spotify's UI, featuring smooth navigation, dynamic sections, and mobile-first layouts.
- Developed a Spotify-themed personal portfolio using modern frontend technologies with emphasis on responsiveness and clean UX.
- Designed and implemented a Spotify-style portfolio interface with adaptive grids, custom components, and seamless page transitions.
- Created a responsive portfolio website with Spotify-inspired aesthetics, highlighting projects, skills, and contact modules.

## Certifications

---

Uxr Interface - UI Path (2025)

Data Manipulation, Dictionary, List - UI Path (2025)

Operating Systems Basic — CISCO Network Academy (2024)

TechA Python Programming Foundation Certification — Infosys Springboard (2024)
